

CENTRE FOR DEVELOPMENT OF ADVANCED COMPUTING, NOIDA
HR DIVISION

November 30, 2016

Sub: Forwarding of applications of regular employees at C-DAC Noida for direct recruitment/on deputation-reg.

1. In the recent past number of employees, both regular and GBC, have been submitting applications to be forwarded to the concerned organizations for appointment on direct recruitment/deputation basis.
2. These requests were considered and the applications were also forwarded with the approval of the Competent Authority. However of late, keeping in view the large number of requests received by the Centre for such outside employment the matter was considered in one of the Management Committee meetings. After detailed discussion, it was opined that requests for forwarding of application for appointment on deputation basis should be discouraged in public interests. Thus, keeping in view the various ongoing activities/projects handled by the Centre it was decided that applications for deputation should not be forwarded at least for one year. The position could be reviewed later on. However such applications from SC/ST employees would be considered as per Government guidelines.
3. So far as applications for direct recruitment/transfer (absorption basis) is concerned, there may not be any objection to consider such request as and when these are received.
4. Further, the requests received from GBC/contract on consolidated salary employees are concerned, these could be considered favourably for issue of no objection certificate to enable them to get better career opportunities.
5. All concerned may kindly note the above for information.
