**HR DIVISION**

**November 30, 2016**

**Sub: Adoption of sixth Central Pay Commission provision with regard to two LTC entitlements-reg.**

1. A copy of Corporate C-DAC Pune OM No. 09/16 dated 07.06.2016 (HRD/R/02) regarding entitlement for travel on tour/LTC is enclosed for information. In brief, it has been decided to adopt the tour/LTC entitlements in C-DAC as per the sixth Central Pay Commission provisions with some restrictions. Incidentally, while modifying the TA entitlements in pursuance of the decisions taken on sixth pay commission recommendations, Ministry of Finance had specifically mentioned that no additional funds would be provided on account of revision of TA/DA entitlements and, accordingly, it was advised to ensure that permission to official travel is given judiciously and restricted only to absolutely essential official requirements.

2. In the above context, the following is brought to the notice of all concerned in C-DAC Noida:-

- (i) Over a period of time, the core grant from the Government has substantially reduced and C-DAC has to manage all expenses within the available resources.
- (ii) Most of the projects undertaken by C-DAC Noida generally over run the projected time frame resulting in continued higher office expenses/overheads. However, original financial projections are not revised.
- (iii) C-DAC Noida is executing a large number of projects spread across the country and the incidence of travel is quite high.

3. In the circumstances it is desirable that due economy is exercised while approving official tours, mode of travel etc.

This issues with the approval of the Competent Authority.
